Enter Graphical User Interfaces

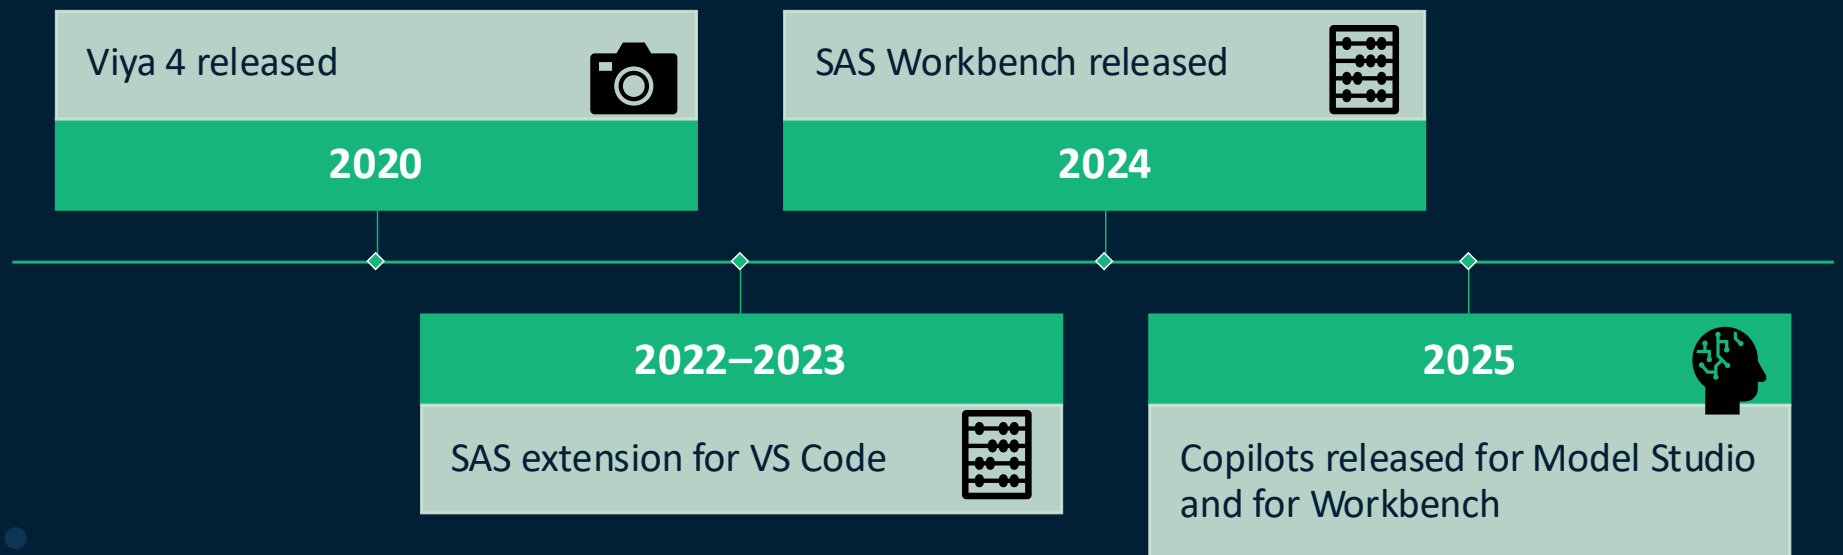

Continuation of GUIs / Increase of Power in PROCs

Integration of SAS and Open Source

Return to Code / AI Assistants

SAS Viya Copilot®

For SAS Code Assistance

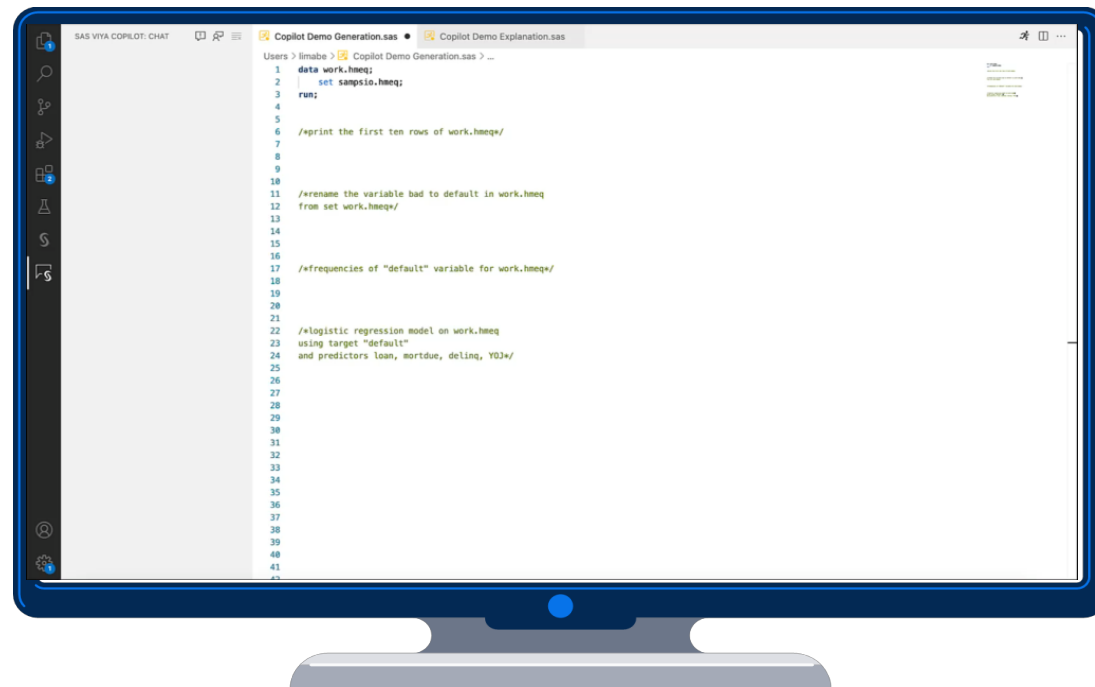

Generates SAS code with accuracy and consistency

Explains existing SAS code, easily understand complex scripts

Generates comments of the code, for readability and documentation

SAS Viya Copilot®

For faster model pipeline development

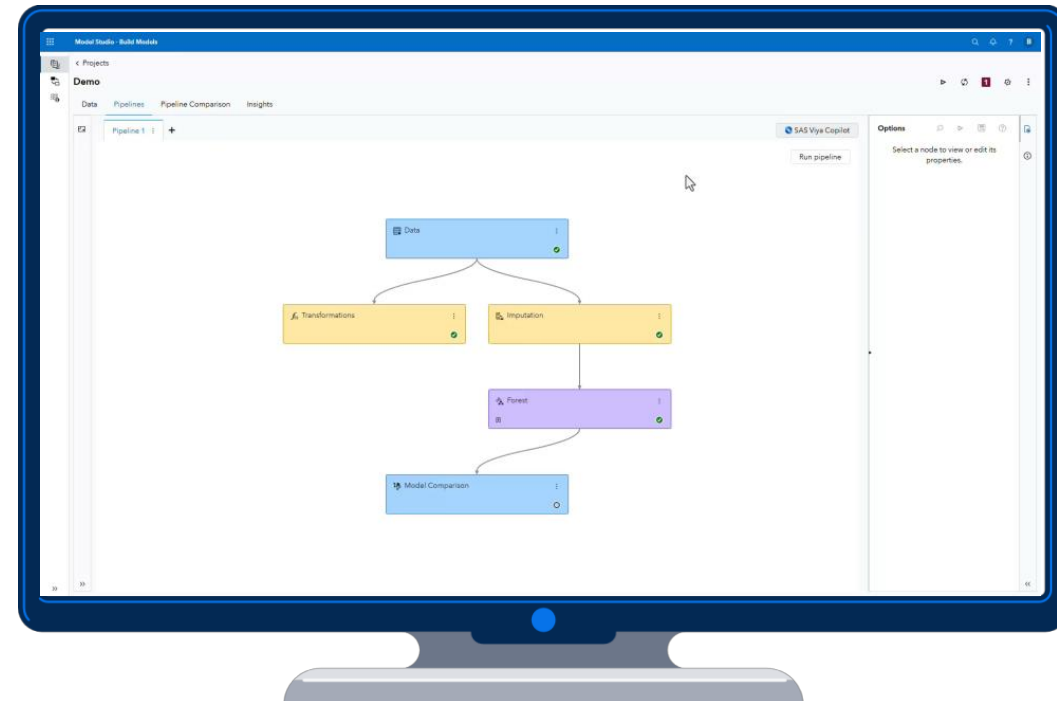

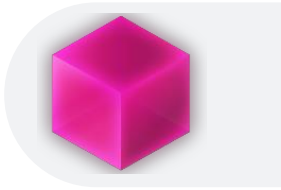

AI-assisted model building, for more productive AI/ML

Provide intelligent suggestions on the next best step

Execute actions based on user permission

SAS Viya Copilot®

For Augmented Analytics

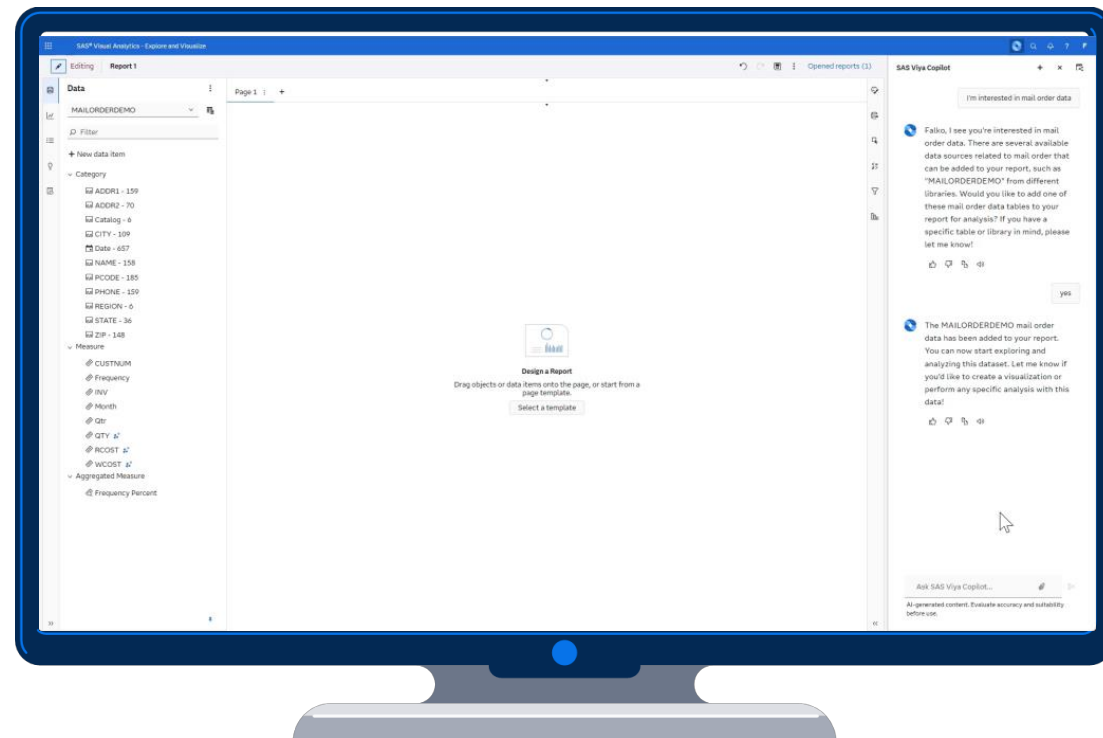

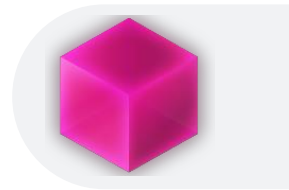

Enrich your data with generative AI

Generate interactive and intuitive dashboards with AI

Uncover insights faster with AI generated explanations
